## **2011 Spring Workshop**

**Tuesday May 24, at 7pm**

**Lee High/Middle School Cafeteria**

LAPA-West is pleased to announce that Dr. Ken Wagner of WRS, Inc. will be presenting a discussion of various lake management techniques that are common to Berkshire lakes and ponds. The lecture will include reasons for lake management, the techniques used, how it relates to the Wetlands Protection Act, the GEIR and the evaluation of lake projects. The discussion will also include case-specific examples. Dr. Wagner has over 25 years of experience working on a variety of water resources assessment and management projects. During his professional career he has worked on most of our Berkshire lakes and brings this critical hands on experience to the presentation.
